

ACCESSORIES FOR SELF REGULATING HEATING CABLE

Power connection box

Model: JB1-C

Working voltage: 254V

Working temp.: -55C-55C

Mini installation temp.: -50C

Box body and cover material: Engineering polymer

Cover screw: Stainless

Sealing ring: Silicone rubber

EX level:ExdemIIBT4Gb

Power connection box with light

Model: FDHL-2

Main technical parameters:

Rated voltage: 220V~380V

Degree of protection:IP65

EX level:ExdemIIBT4Gb

Shell material: DMC

Three way connection box with light

Model: FTHL

Main technical parameters:

Rated voltage: 220V~380V

Degree of protection:IP65

EX level:ExdemIIBT4Gb

Shell material: DMC

Two way connection box with light

Model: FJHL

Main technical parameters:

Rated voltage: 220V~380V

Degree of protection:IP65

EX level:ExdemIIBT4Gb

Shell material: DMC

ACCESSORIES FOR SELF REGULATING HEATING CABLE

End seal with light

Model: FZHL

Main technical parameters:

Rated voltage: 220V~380V

Degree of protection:IP65

EX level:ExdemIIBT4Gb

Shell material: DMC

Power connection box

Model: FDH-2

Main technical parameters:

Rated voltage: 220V~380V

Degree of protection:IP65

EX level:ExdemIIBT4Gb

Shell material: DMC

Three way connection box

Model: FTH

Main technical parameters:

Rated voltage: 220V~380V

Degree of protection:IP65

EX level:ExdemIIBT4Gb

Shell material: DMC

Two way connection box

Model: FJH

Main technical parameters:

Rated voltage: 220V~380V

Degree of protection:IP65

EX level:ExdemIIBT4Gb

Shell material: DMC

End seal

Model: FZH

Main technical parameters:

Rated voltage: 220V~380V

Degree of protection:IP65

EX level:ExdemIIBT4Gb

Shell material: DMC

ACCESSORIES FOR SELF REGULATING HEATING CABLE

End seal

Model: FZH-2

Main technical parameters:

Rated voltage: 220V~380V

Degree of protection: IP65

EX level: Exdem IIBT4Gb

Shell material: DMC

Temperature controller with light

Model: BJW51L

Main technical parameters:

Rated voltage: 220V~380V

Degree of protection: IP65

EX level: Exdem IIBT4Gb

Shell material: DMC

Temperature: 0-150C

Silicone buswire splitter

Model: TBX-3L

Inner entry width: 12mm

Overall Length: 125mm

each buswire splitter Length: 95mm

Silicone end seal

Model: ET-6

Inner entry width: 14mm

Overall Length: 56mm

Aluminum foil tape

Model: AF01

Width: 5cm

Length: 25m

ACCESSORIES FOR SELF REGULATING HEATING CABLE

Heat sensitive tape (Fix the cable on the pipe)

Model: HS01

Width: 2cm

Length: 20m

PT100 temperature sensor

Model: PT100
